

LIFE PLANNING FOR LIFE SAVERS

COVID-19 Frontline Medical Workers Pro Bono Project

INCAPACITY PLANNING LEGAL CLINIC

LEGAL ACKNOWLEDGMENT

This legal clinic is intended to provide education and information about planning for the possibility of incapacity during a statewide COVID-19-related State of Emergency.

You understand that you will not be charged any fees for the education and information received today.

You understand that any education or information provided today is limited to the circumstances under this State of Emergency. As the circumstances will change rapidly after the State of Emergency is lifted, you should seek legal advice and take action on incapacity planning within six months after the date the State of California lifts the current State of Emergency.

You understand that the volunteer attorneys participating in the clinic have not formed an attorney-client relationship with you, they do not represent you, and they will have no continuing obligation to assist you.

You understand that if you request legal representation regarding a particular matter, and if that matter is later accepted for representation, you will be asked to sign a legal representation agreement before any legal services can be provided to you. You understand that unless you enter into a separate written legal representation agreement that no further assistance will be provided by this clinic or any of its participants.

You understand that any information provided to the volunteer attorneys today is confidential to the full extent permitted by the law and required by the California Rules of Professional Conduct. You understand that information provided at the clinic may be reviewed by and shared with other lawyers volunteering for the clinic.

I have read and understood the terms listed above, and signed below in acknowledgement of that understanding.
